Your child may require additional stationary throughout the year. Some items will also need to be replaced during the year due to usage (e.g. pencils, exercise books, glue).

Your child's teacher will advise as necessary.

Most items should be clearly labelled unless specified in the booklist.

We encourage the covering of exercise books and scrapbooks with the exception of Prep student's books.

Voluntary Financial Contribution Information Sheet

Each State school is resourced by the State Government through appropriation funding to provide a core educational service to students. Voluntary financial contributions are used by schools to provide an enhanced educational service and to enhance resources available for student learning, recreation and comfort.

Operating Statement

1. The costs of providing instruction, administration and facilities for the education of students at the school are met by the State Government for students enrolled at the school who are Australian citizens or permanent residents, or the children of Australian citizens or permanent residents.
2. The school is resourced by the State Government through school appropriation funding to provide a core educational service.
3. Section 56 of the *Education (General Provisions) Act 2006* provides that the Principal may ask the parents of a student of the school to make a voluntary financial contribution to supplement government funding for instruction, administration and facilities for the education of the student at the school. If the student is an adult, the principal may ask the student to make a voluntary financial contribution.
4. Voluntary financial contributions are used by the school to provide an enhanced educational service and to enhance resources available for student learning, recreation and comfort.
5. A voluntary financial contribution is not a fee. Debt recovery action will not be undertaken by the school for non-payment of all or part of a request for a voluntary financial contribution.
6. A voluntary financial contribution is separate from a Student Resource Scheme that might operate in the school.
7. While the request to parents may indicate a nominated amount, the financial contribution to the school is voluntary, and there is no obligation on a parent to make all or part of the contribution.
8. To enable an informed decision to be made by the parent, the request for a voluntary contribution should indicate how the funds will be used by the school.
9. The school and the parents share decision-making and responsibility for the operation of the voluntary financial contribution funds. The amount of the requested contribution and the operation of the voluntary contributions are endorsed by the Parents and Citizens' Association annually.
10. The voluntary financial contribution funds may be managed by the school or the Parents and Citizens' Association, but not by a third party.
11. The voluntary financial contribution is not to be a deterrent for a student enrolling at the school, participating in extra-curricular activities or undertaking a particular subject.
12. Where a parent decides not to make a voluntary financial contribution, instruction, administration and facilities for the education of the student at the school will continue to be provided by the school, and the student will suffer no educational detriment by way of school action as a result of the decision.
13. For any payment by cash, or credit/debit card, a receipt will be issued.
